## ABOUT ME

Since 2012, I've been shaping light, form, and imagination into compelling visual stories. In 2021, I became a Senior 3D Artist but my true pursuit goes beyond titles.

I create worlds that transform ideas into experiences, where technology becomes art and the ordinary turns extraordinary.

My work is driven by one mission: to captivate audiences and reveal the unseen beauty of imagination made real.

## WHAT I DO

Arch Visualization

Interior Design

Product Visualization

Branding

Video Production

Collabs :

## MY CREATIVE PROCESS

Every project blends precision and creativity, guided by a flexible process built around the client's vision.

Discovery	Concept Development	3D Modeling	Lighting & Materials	Review & Feedback	Final Render	Delivery
I listen first understanding your vision, goals, and creative direction.	Moodboards and early layouts explore design paths aligned with your brand.	Detailed, precise models built to reflect your design intent.	Photoreal lighting, textures, and mood bring the scene to life.	I refine with your input ensuring alignment every step of the way.	High-resolution visuals with professional-grade post-production.	On-time handoff, in your preferred format ready to use and share.

### WHAT I NEED

AutoCad Files - 3D Models - Reference Images - Materials - Furniture Schedule - Landscape Plan

## ARCHVIZ EXTERIOR

Environment created by team effort and rendered and post production by Jagat

Azizi Riviera Master plan community  
Dubai, UAE

Dubai, UAE

Shaping tomorrow's skyline today.

Concept Tower  
Qatar

Concept Tower  
Qatar

Masterplan rendering  
Dubai South properties.

## Dubai masterplan

collaborating in creating and producing large scale renders (30k resolution) that reflect reality and precision, this helps in showcasing large scale masterplanning.

Fully 3D modelled and rendered by Jagat Mahay for this upcoming luxury villa community in Dubai South.

Azizi Venice Community  
Dubai South, UAE

This specific render was also used for advertising through-out Dubai Airports Terminal 1.
